

YOTUN

The classic giants, yotuns are tall, hulking humanoids infused with raw elements, which they can channel through their physical strikes, as well as which are reflected in their magical attacks (if magicians), per yotun breed. Though they hail from the Worldtree, they have also carved homes in the worlds of the Core and pockets of the Maelstrom.

They build homes in caves, yet are skilled artisans and carve beautiful underground architecture; in rare instances, they build fortified giant-sized buildings above ground, designed to stand the test of time. Most yotuns live in clans (11–40 individuals). The distinct yotun breeds cannot produce mixed offspring.

- Lava-red, char-grey or coal-black fire yotuns live in any warm terrain, or willingly venture to cold climes where there may still be hot summers or volcanic activity. They have an affinity for *flare* and *gleam* energy.
- Icy-white, misty-grey or glacial-silver frost yotuns dwell in any cold terrain, preferring to remain as close to snow and ice as possible. They have an affinity for *frost* and *gloom* energy.
- Sandy-tan, rocky-brown and stony-grey stone yotuns dwell in rocky areas—barren ones like steep mountains or deserts, but not necessarily so. They have an affinity for *rot* and *rasp* energy.
- Cloudy-white, stormy-grey or lightning-yellow storm yotuns dwell in extreme highlands—tall mountains and sheer crags amidst fierce weather—and also enjoy forests. They have an affinity for *shock* and *shake* energy.

Clever tacticians, yotuns will attack with ranged weapons before closing to use their mighty prowess in the melee, but do have giant-pride and consider smaller creatures to be inferior, which can lead to mistakes.

- Hacker yotuns wear common armor, bear common shields and carry common weapons that are one size category above equivalent mortal weapons, wielding them as effectively as mortal assaulters (+1 d-step); they also increase thrown versatile and ranged (missile) weapon ranges (base short +5 squares)—featured specimen: stud armor, no shield, single great melee weapon, single medium versatile weapon.
- Jinxer yotuns wear common armor, bear common shields and carry common weapons that are two size categories above equivalent mortal weapons, wielding them as effectively as mortal exarchs (+2 d-steps); they also increase thrown versatile and ranged (missile) weapon ranges (base short +10 squares)—featured specimen: stud armor, medium shield, single heavy melee weapon.
- Battler yotuns wear common armor, bear common shields and carry common weapons that are two size categories above equivalent mortal weapons, wielding them as effectively as mortal assaulters (+2 d-steps); they also increase thrown versatile and ranged (missile) weapon ranges (base short +5 squares)—featured specimen: ring armor, no shield, single great melee weapon, single medium versatile weapon.
- Curser yotuns wear common armor, bear common shields and carry common weapons that are three size categories above equivalent mortal weapons, wielding them as effectively as mortal exarchs (+3 d-steps); they also increase thrown versatile and ranged (missile) weapon ranges (base short +10 squares)—featured specimen: ring armor, medium shield, single heavy melee weapon.
- Leader yotuns wear common armor, bear common shields and carry superior weapons that are three size categories above equivalent mortal weapons, wielding them as effectively as mortal assaulters (+4 d-steps); they also increase thrown versatile and ranged (missile) weapon ranges (base short +15 squares)—featured specimen: chain armor, no shield, single great melee weapon, single heavy ranged weapon.
- Hexer yotuns wear superior armor, bear superior shields and carry common weapons that are four size categories above equivalent mortal weapons, wielding them as effectively as mortal exarchs (+4 d-steps); they also increase thrown versatile and ranged (missile) weapon ranges (base short +15 squares)—featured specimen: chain armor, heavy shield, single heavy melee weapon.
- Ruler yotuns wear superior armor, bear superior shields and carry superior weapons that are five size categories above equivalent mortal weapons, wielding them as effectively as mortal assaulters (+6 d-steps); they also increase thrown versatile and ranged (missile) weapon ranges (base short +20 squares)—featured specimen: splint armor, no shield, single great melee weapon, single great ranged weapon.
